

Hello to the amazing leadership team of California

September 2021

Here we are a new year underway. I once again would like to thank you Madam President Dee Ann for this appointment. This is going to be amazing year. I had a wonderful time in Clovis it was nice to get back to seeing everyone in person and getting to just be social beachballs.

I have had a great response with the leadership workshop invitations, and we are trying to get the schedule straighten out to make as many as we can this year. I will be giving the department the schedule of workshops because my hope is that we can combine some districts together.

I will also be working on a zoom meeting in October, this will not be an official workshop, but it will be a good place to have a question-and-answer session. I will be having guest speakers to help me because I know I'm going to need it. I will have to date and time in my October bulletin.

I have had a lot of great leadership quotes sent to me and please keep them coming. My hope is to have enough to be able to put a book together for Madam president by convention.

Please remember that no matter what chairmanship you have this year everyone is a leader, just being a part of such amazing organization as the American Legion Auxiliary makes you a leader.

Quote for this bulletin is: **Never discourage anyone who continually makes progress, no matter how slow.**

Please send me email if you would like to have workshop within you district or if you have any questions.

For God and Country

Tracy Varnell Fercho

Dept of California Leadership Chairman 2021-2022
